

The Future of Power Generation in Australia

Tuesday 12 July at 7.30pm

with Ian Richardson

Ian brings a wealth of experience to the subject after 30 years in coal fired power stations in NSW as a power plant operator, technician team leader and manager. He has deep insight into the power generation industry and strong ideas as to where Australia should be heading and how to get there.

\$15 (general admission) \$12 (concession)

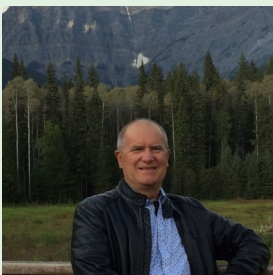

Book through Humanitix: <https://events.humanitix.com/the-future-of-power-generation-in-australia>
